“ Went to school in Cloudcroft with John Henry for 12 years. Knew his family well. He never had any enemies as far as I know. He was kind, friendly and funny. Always so calm acting. Super friend and person. Lucky to have known him.

“ From Midge York Graham. Our time together was a huge, special memory. If we had got back together, we would have picked up right where we left off; I know it. Time with John Henry was relaxing, peaceful, simple, respectful, and lots of fun. We truly liked each other. I owed him a few valentines; wish I had sent them. My love to his family and friends. God Bless my dear friend.

“ I remember one year while still in High School we went to the fair in Alamo. There was a new ride there called the rocket. Henry didn't like this ride at all and said he wouldn't go on it. I convinced him of just how much fun it would be. Well, every time this thing went around he would say, David I'm going to kill you. We had a good laugh when it was over. Hope to see you again some day.

“ John Green. John Henry when I was mad.
I take great pride in calling John one of my best friends.
He was so much more than a co-worker.
His phone call when you needed it most and did not even realize that you really needed it will be one of the things that I will miss the most.
John was always ready to help or just listen to me and let me vent. HACA has lost a vital member of the Team.

One of the Maintenance Guys told me something that I will hold dear for the rest of my life, "When I was in doubt, I asked myself, what would John Green do?" That says it all.

I will miss him terribly.

Take care of things up there for the rest of us and if you have time left over, keep an eye out for us while we are down here waiting on our turn.

My true angel, John Green. You will be truly missed.

“ John Green was a wonderful man and I do not say that lightly. He demonstrated and embodied the love of Christ to everyone that he came in contact with. I had the pleasure of knowing and working with him at HACA. For the many conversations that we had, the wisdom that he shared, the compassion that he displayed to colleagues and clients, the times that he had me in stitches, and the countless times I witnessed his leadership and unmatched work ethic, I am better having had the opportunity to know such a measure of man as this.

“ It a was blessing to have known John, through the years at HACA. The late nights and early mornings of on calls we shared many stories of life, family and of coarse his HACA. The weekly phone calls checking up on my boys and mom meant the world. His work ethics and values in life defined him. John Green's legacy will live on forever in our hearts.

“ I'm honored to have worked with John Green over the years at HACA. John was a wonderful, compassionate, hard-working man. His enthusiasm and dedication to HACA was second to none. Mr. Green always had a way of motivating and lifting everyone's spirits, no matter the challenge, large or small. I will forever be grateful for the time I spent with John, and his spirit lives on in the hearts of his HACA family members.

“ I'm grateful to have known John through my time at HACA. He always had a smile and a joke early in the morning, when one of each was needed most. The thing I loved most about John was his willingness to go anywhere and fix anything. His work ethic and cheer was infectious. He will be missed.
